

Rahul Balu

Full Stack Developer • Application Developer

rahulbalu330@gmail.com | +91 9363571998 | linkedin.com/in/rahul-b-071199340 | Cuddalore, Tamil Nadu

OBJECTIVE

Motivated B.Tech student with hands-on experience building full-stack web applications using Django, Python, and modern front-end technologies. Eager to contribute to a dynamic team, apply practical skills in real-world environments, and continue growing as a software developer.

EDUCATION

B.Tech in Information Technology

Coimbatore Institute of Engineering and Technology, Coimbatore

Expected Graduation: 2027

CGPA: 8.12 / 10.0

Sathya Saai Matric Hr Sec School

Tamil Nadu State Board

12th: 86%

TECHNICAL SKILLS

Programming Languages	Python, C, Java
Frontend	HTML, CSS, JavaScript, React
Backend Framework	Django, Node.js, Express.js
Database	MySQL, MongoDB
Tools & Platforms	VS Code, Git, GitHub, Jupyter Notebook, Docker Desktop

PROJECTS

AI Book Summarization

Tech Stack: HTML, CSS, JavaScript (Frontend) • Django (Backend) • MySQL (Database)

- Developed a web application that accepts any book as input and generates a comprehensive AI-powered summary.
- Outputs a downloadable, well-structured multi-page PDF containing the summarized content for easy reference.
- Built end-to-end using Django for backend processing and MySQL for data storage.
- Selected by MSME** to be developed into a product-level application — recognized for its practical value and real-world impact.

Library Management System

Tech Stack: React.js (Frontend) • Express.js, Node.js (Backend) • MongoDB (Database)

- Designed and built a digital library management system to address the lack of a book inventory tracking mechanism in the college.
- Enables administrators to monitor real-time book stock availability, reducing manual effort and errors.
- Full-stack implementation using Django for server-side logic and MySQL for persistent data management.

CERTIFICATES & ACHIEVEMENTS

Infosys Springboard:

JavaScript • HTML5 • CSS3 • Python Foundation • Introduction to Deep Learning • Cyber Security • Prompt Engineering • Natural Language Processing

- Data Analytics** – freeCodeCamp (Completed)
- Python** – HackerRank (Completed)

Actively learning Data Structures & Algorithms (DSA) for problem solving and regularly practising on LeetCode to sharpen coding skills.
